

## RUSSIAN ARMY

Under Kuropatkin Said to be Demoralized

### SLAUGHTER IN THE RETREAT

News From Liao Yang, Russian Army Has Been Divided

#### RUSSIANS OUT OF DANGER.

Mukden, Sept. 9th.—All anxiety regarding the Russian transport is over. The Japanese have crossed the Shakaki and only the Russian and Japanese outposts are in direct contact. Thousands of wounded are being sent north.

#### TERRIBLE SLAUGHTER IN THE RETREAT.

Mukden, Wednesday, Sept. 9th., (via Pekin).—A correspondent of the Associated Press who has just returned to Mukden with the Russian rear guard, after having accompanied the army the whole way since the battle of Liao Yang, says the losses on both sides were enormous. In a moderate estimate he places them at 5,000. He confirms the report that the fighting at Liao Yang recalled in fierceness the sanguinary battles of the American civil war. Gen. Kuroki's flank movement east of the Russian position precipitated the retreat from Liao Yang. When the Russians left Liao Yang the town was strewn with corpses of the slain.

#### THE BLOODY FIGHTING AT LIAO YANG.

London, Sept. 10th.—The Times' correspondent graphically picturing the ebb and flow of the conflict on August 31st at Liao Yang, says: "Oku was growing despondent. From the position of the fifth division it was evident that the tenth division and Kuroki were making no headway, so Oku determined upon a third general assault on that night. Just think of it—a third attack in 24 hours. All day he had been bringing reserves up into the firing line. This assault was but a repetition of the previous one, where again the assault had failed. The division telephoned Oku's headquarters the desperate news and the laconic reply was 'reinforce and assault again before daybreak.' But the curtain had fallen on the first act of the drama. Whether shaken by repeated attacks or fearful for the left flank, or finding Kuroki could be held only with difficulty from his communications, Kuropatkin, who was present in person, countenanced a general withdrawal from the positions and about midnight fell back to the third line, leaving several prisoners in Japanese hands. Kuropatkin was beaten, but not routed by any means. He thought that the Japs would occupy Liao Yang immediately, but there were to be 48 hours more of a sanguinary struggle before the withdrawal of Kuropatkin."

#### NEWS FROM LIAO YANG.

St. Petersburg, Sept. 10th.—News from Liao Yang goes to prove that Gen. Kuropatkin delayed the Japs' advance with a smaller force and inflicted awful damage. While Japan gets two locomotives, four guns and fifteen prisoners, she already finds her difficulties increasing.

Berlin, Sept. 10th.—A despatch from Mukden says: "The occupation of Mukden is now in progress and the Japanese have not yet crossed the river Hun, which flows a few miles south of Mukden."

St. Petersburg, Sept. 10th.—A despatch received from viceroy Alexieff announces that the railroad and telegraph lines between Mukden and Harbin are both uninterrupted.

#### RUSSIAN ARMY DIVIDED.

London, Sept. 10th.—The Daily Express claims to have trustworthy information that the Russian army is divided into five columns. The first has reached Tiepass, 40 miles north of Mukden and is preparing to defend that place against the Japanese. The second is between Mukden and Tiepass, the third is at Mukden, the fourth, consisting of 80,000, under Gen. Meyendorff, is holding Gen. Kuroki in check by hard fighting, 12 miles south of Mukden. The fifth, of about 12,000 men, is further south, exhausted by incessant fighting and is surrounded on three sides by the Japs, its position being one of extreme danger from which it can hardly hope to escape. "Everything now depends," says the paper, "on Meyendorff's ability to hold Kuroki in check, in which so far he has not been successful."

#### RUSSIAN ARMY DEMORALIZED.

Shanghai, Sept. 10th.—A special messenger of the Tartar general at Mukden who escaped from the city through the cordon of Russian outposts, reports, according to advices received here, that the Russian army is utterly confused and demoralized and especially the remains of the two Russian army corps which recently joined Gen. Kuropatkin's forces.

M. J. Gregg arrived from Prairie Creek last Sunday evening. He was joined here by Mr. N. H. Jock and on Thursday they started again for Prairie Creek with a pack outfit of supplies.

Mr. H. A. Caldwell of Strathcona left here on Wednesday for a month's trip west with Celestino Gladu as guide.

Mr. W. Taylor of survey party No. 7 passed through here Wednesday on his way to town.

Mr. L. E. Fontaine D. I. S. and party camped here for a couple of days this week. He has finished running lines westward and has now gone south to the Saskatchewan River.

Mr. Fitzgerald of St. Albert was here on a visit last Friday and Saturday.

Mr. J. Cornwall and Mr. Cross were here on a business trip last Saturday.

Sept. 5, '04.

**O'SULLIVAN BUSINESS COLLEGE**

The O'Sullivan Business College announcement appearing on another page of this issue invites the consideration of the young men and young women of this town and surrounding country who are desirous of securing a business education and preparing for a position in one of the many business concerns that are now springing up all over the west. The systems of this school are on exhibition at the world's fair. They are practical and up-to-date. The book keeping student assumes the responsibility of a book keeper from the very first, buys, sells, learns to handle all kinds of business paper at the College Bank, such as notes, drafts, bills of exchange. The discounting of paper at the bank receives special attention in this system. The Gregg system of shorthand is popular and mention of its merits is uncalled for. Penmanship receives special attention in this school, the president being one of the leading penmen of Canada. Mr. Stronach, the principal, is a high school and business teacher of seven years experience. The autumn term of this school opens Sept. 6th in the Garipey block, Main street.

**AGRICULTURAL REPORT.**

A few days ago the Bulletin published part of a review of the recently issued annual report of the Department of Agriculture. The following relates to the remaining portion of the report:

The department's Records contained at the end of the year 20,546 brands, the business of the year in this branch showing a large increase over 1902. The trial of branding fluids have not yet demonstrated that such compounds are suitable for practical range work. The experiences of several users of the fluids are given.

Mr. Geo. Harcourt, D. S. A., who is in charge of this branch of the department's work, presents an instructive article on the results of last year's operations in this line. The results of

the tests of Dwarf Essex rape, corn and peas are set forth in tabular form.

Under the head of educational work properly appears the report of the Superintendent of Fairs and Institutes (Mr. Geo. Harcourt, D. S. A.) and his remarks, especially those relating to Farmers' Institutes and Agricultural Fairs, should be carefully perused by directors and secretaries of agricultural societies. One hundred and six Institute meetings were held during the year. A development of this feature of the work has been the holding of live stock judging schools at central points during the winter months. These proved a great success.

Under the head of general notes reference is made to the attempts made by the officials of the Dominion experimental farms to obtain an earlier ripening variety of wheat than Red Fyfe. The new wheat known as Early Riga promises well. There are also notes on the production of barley for malting purposes, flax, hay and steam cultivation.

The possibilities of the Orient as a market for western flour is dealt with under this section. A table on page 115 gives statistics of the exports of flour and grain from the Territories. Other tables show weekly average prices of No. 1 hard wheat during the year, and elevator capacity. The question of producing malting barley for export also receives consideration.

The Territorial Industries is a new section of the report and contains some interesting figures as to the flour milling industry of the Territories. Attention is drawn to the disadvantages of exporting whole wheat.

The usual statistics appear under the head of colonization and bear striking testimony to the progress of settlement.

The health of the people of the Territories would appear to be in a satisfactory condition. Smallpox has been practically stamped out as an epidemic though a few sporadic cases occasionally occur. The usual interesting statistics are given. The vital statistics, pages 136 et seq., show a satisfactory state of things socially.

Pages 141 to 152 inclusive contain the report of Dr. G. A. Kennedy, Inspector of Territorial Hospitals, giving the results of his observations while inspecting these institutions. The report will be a gratifying one to the large section of the public which is interested in this work and will be of particular interest to the directors of the hospitals dealt with.

The present deputy makes appreciative reference to the work of his predecessor in office, Mr. C. W. Peterson, who resigned his position on the 30th of June 1903. Statistics given show that the work of the department is steadily increasing.

The appendices consist of the Annual Reports of the Territorial Cattle Breeders' Association, the Territorial Horse Breeders' Association, the Territorial Sheep Breeders' Association, the Territorial Swine Breeders' Association and the Territorial Natural History Society, all of which will repay careful perusal. Write to the Deputy Commissioner of Agriculture, Regina, N. W. T., for a copy of this interesting book.

The Small Boy

He indulged much too freely in pie and plum cake,  
And during the night how his "tummy" did ache,  
They ran for the doctor, who knowing the fault,  
Without hesitation prescribed "Abbey's Salt."

Mothers, who want their children to grow into sturdy men and women instead of pale, sallow dyspeptics, should see that the youngsters take a morning glass of ABBEY'S SALT. Children eat irregularly—indiscreetly. ABBEY'S SALT strengthens the stomach—regulates the bowels—so that "pain-killer" and "oil" are never needed. So pleasant to take, that mothers have no trouble in teaching the children to use it.

## WESTERN NEWS

## INTERESTING ITEMS

Clipped from Our Exchanges. Matters Occupying the Attention of Other Western Towns

**Plainsdealer.**—The trustee board of the Strathcona public schools realizing that the rapid growth of population of the town will very soon demand the erection of another school building in the west end of town, have just closed a deal with the townsite company for the purchase of block 28. This property is a lot between Duggan street and West street, just south of Mr. C. A. Bellotti's residence. It has been bought at a very reasonable figure with agreement for a substantial rebate if a permanent building is erected on it next year.

**Leduc Enterprise.**—The Clearwater people are rejoicing in the prospect of two new bridges spanning the Black Mud and Clearwater Creeks. A gang of men under government employ are at work on these structures and expect to have both completed inside of two weeks. The old bridges were found to have been in a very dangerous condition. They were put up temporarily by the people of Clearwater.

**Strathcona Chronicle.**—Mr. S. Mortimer, head engineer of the electric light plant, is about to resign that position. He and Mr. Al. Rupert, of Leduc, are investing in a saw-mill at Rabbit Hill. The engine started out yesterday and the partners expect to soon have the mill running.

**Chronicle.**—Mr. Burch, storekeeper at Birch Creek, Vermilion, spent part of last week and the early part of this one in Strathcona purchasing goods for the store. Mr. Burch asserts that settlers are going on to their homesteads in these parts steadily, and they expect to have quite a nice little community out there by the time the snow flies.

**Chronicle, Sept. 2nd.**—Mr. Robert McKernan, of the Dominion Hotel, has an exceptionally fine field of about 200 acres of oats, which he started cutting yesterday. It is full, hard and ripe, and is expected to average about 90 bushels to the acre. His fall wheat of which he has about ten acres, is also very fine, and will average about 40 bushels to the acre. All the farmers who put in fall wheat are more than satisfied with the result and are increasing the area this season.

**Lethbridge News, Sept. 1st.**—A large party of veterinary surgeons are in town this week investigating the disease that has occurred amongst the horses of Mr. T. McCaughey and others. The party comprises J. G. Rutherford, Dominion veterinary; D. Warnock, Pincher Creek; C. McViegh, Calgary; A. D. Harrington, Red Deer; Staff-Sergeant Gullivan, Regina; J. C. Hargreaves, Medicine Hat; and E. C. Gray, of Wild Horse Lake. Some specialists are expected from the United States tonight and tomorrow the animals under suspicion will be run into a chute, closely inspected and diseased animals slaughtered. About 75 animals are in the quarantine ground.

**Chronicle, Sept. 2nd.**—Mr. John Webb, one of last week's arrivals from England, has purchased the farm property of Dr. Tofield, Agriculturist, and will move out at once. Mr. Webb is a married man and his purchase is a cash transaction. This is the class of settlers that is of considerable benefit to the North-West, a man with sufficient capital to start and a family to help in the work about the farm, with careful management cannot but make money in this part of Alberta and the North-West generally; but where so many make a mistake is in expecting to start farming, buy horses, machinery, farm tools, household and building requisites with a few dollars. Dr. Tofield, we learn, will move out to another property of his near Tofield postoffice, south end of Beaver Lake.

**Yorkton Enterprise, August 30th.**—Messrs. J. W. Furby and J. W. Christy who returned on Sunday from a visit to the Cote, Kamsack and Doukhobor districts, report the crop outlook in these localities is good, and that the country is looking well. Thousands of tons of hay have been harvested. The Doukhobors were stacking barley and had their cats out. In Mr. Furby's opinion much of the hay will never be cut, the abundance being more than could be handled. Kamsack was found to be going ahead. A credit-

able station building was under course of construction, and in the village proper there was much evidence of prosperity and development. It was five years since Mr. Furby's last visit to the north country, and nine for Mr. Christie. Naturally they found changes. The cold snap of last week had not been felt in the country they visited. During their stay at the Inn agency at Cote, they met Dr. Henry.

## LABOR DAY SPEECH

On Monday during the celebration on the exhibition grounds Mr. John McLennan delivered the Labor Day speech. Part of it was as follows—

"The occasion of our meeting cannot be mistaken as has been well said by the President. This day has been set apart to enoble and dignify labor. The legislation which set it apart as a public holiday had that object in view. Labor with many other questions of the present day has assumed a complex and complicated aspect. Labor is the creature of necessity and not of law. It antedates all human enactments. Governments in the abstract are therefore expressions of necessity. Man himself is a strange being, and because in civil government an anomaly; the creature of his own creation, yielding a willing and submissive obedience to laws of which he himself is the author and executor. Thus although he may be a good and wise ruler over others, he may not be able to govern himself. Governments founded as already indicated have gradually changed not in essence but in form as man has progressed, until the attainment of our present form of responsible government it may be in this evolution that the legislation which has been enacted, even in our own country, has not always been in the best interests of the people, but remember that the remedy always lies in our own hands.

I am very sorry that it is thought necessary to distribute literature which has been gratuitously handed out today in Edmonton. I am well aware that in my hearing today there are those who believe in socialism as the cure of all social and political evils. With that doctrine I take serious issue. Capital and labor are not enemies, but are and should be friends, and the enjoyment of the other. It is only in the hands of the unscrupulous, whether it be capital or labor, that they become enemies. Whenever we get these extremes we are treading on dangerous grounds. In the laws of physics action and reaction are equal, or the angle of reflection is equal to the angle of incidence. A pendulum will inevitably swing to the left as far as to the right. In such a contest, when passions are aroused when reason is deflected, the actions of both parties cease to be that of right or justice. Then cardinal principles are entirely lost sight of. The latest instance we have of it is that in Colorado. I know not who originated that direful conflict, but I do know that both lost their heads and I further know labor has suffered a terrible blow not only in the suffering and woe that has been inflicted, but also in the prestige that has been lost. Remember that when you antagonize capital you have a powerful foe to fight and when you make an ally of it you have some of our cities you may see beautiful buildings with well kept lawns and gardens, indicating wealth, refinement and luxurious life. Casually looking at it you might consider its occupants among earth's favored ones. Upon close investigation you may see them sitting singly, seemingly lost in contemplation, their silence suggesting some silent grief. A further study leads to the conclusion that this is the result of melancholy, the home of miseries, the place where black crepe hangs at the door of almost every heart, for within hope dies dead. In this study we are wiser when realizing the supreme importance of hope, and not only in its relation to physical life is hope thus vitally essential. It is the energizing sun in all of man's varied activities. In social life—the hope of maintaining prestige or increasing reputation gives zest to each day's greetings and conversations. Hope in the professions fires ambition and leads to willing and earnest endeavor. In business the hope of wealth is the great truth driving brain and hand, thought and strength. To those who reject in endeavors to whom opportunity is a boon, and difficulty, an incentive, socialism is but a nightmare, whose disciples walk in a dream. With but a tinge of the world's great resources developed and vast regions awaiting the synthetic thought and hand of man it is to make them barren and desolate is the hope, it is the chief of insanity. Whatsoever chance socialism and sympathizers care should be channelled. Every man who is satisfied with his present attainment, who has no ambition beyond

Phone 36..

the present is an enemy to society. Every man who would close the door of opportunity is your enemy. The employer of tomorrow must not be the employer of today. As there are no royal roads to learning so there are no royal roads to successful business except through the successive stages of apprenticeship, journeyman to masterworkman. Unions the necessary and essential to meet the greed of avarice of corporate capital, but labor's best and surest path leads in a conservative course, seeking to obtain just ends through legitimate channels. When you approach the middle in this spirit as I am sure the large majority of the people desire to reach it, you will be sure to attain and will live in a great country. We are entering the fastest period in the fastest age of the world's history. I mean this in the best and truest sense. We have almost annihilated time and space by modern inventions: the telegraph, telephone and aeroplane, the latter by steam and electric locomotion. With all the powerful allies of modern life as our friends, surely we can hopefully look to the future with confidence. Let us dignify labor by giving it our own voice, our best efforts and talent, and in so doing we dignify ourselves our trades and our country.

## THE MARKETS

Butter—Good butter brings from 15 to 17 cents per pound.  
Eggs—20 cents per dozen's price for good fresh eggs.  
Pork—Canadian hams 8 cents a pound 17½ weight; 19 cents dressed.  
Beef—The price per pound live weight is \$1.02 to 2.04.  
Pork—Hogs bring from 2.14 to 4.04. There is a good demand.  
Hay—Hay runs from 35 to 38 a ton. A couple of dollars a ton more is paid for timothy.  
Potatoes—Potatoes are bringing 30 cents a bushel. There is a large amount offering and the demand is fairly good.

## VICE REGAL PARTY

In Edmonton. His Excellency Lord Minto lays the Corner Stone of the new MacKay Avenue Public School.

His Excellency Lord Minto, Governor General of Canada, and party arrived in Strathcona by special train at about 9.30 this morning. Several of the prominent citizens of Strathcona were presented to His Excellency while his private car was being attached to the E. Y. and P. train. The train arrived in Edmonton at 10 o'clock. His Excellency and party were met at the Edmonton station by Mayor Short and members of the city council, school board and citizens in carriages including a number from Strathcona and Fort Saskatchewan. A procession was formed and drove rapidly to the site of the MacKay Avenue school, by way of McDougall street, Jasper Avenue and Third Street. The Union band met the procession at the foot of McDougall street and then proceeded to the school site, where they furnished appropriate music.

A large concourse of people assembled at the school site to see the ceremony of laying the corner stone by His Excellency. A temporary platform had been erected, on which were His Excellency and staff, and the city council, members of the school board and others. An address of welcome was read by the city clerk, G. J. Kinnaird, as follows:

To His Excellency Sir Gilbert John Elliott, Murray Kynnmund, Earl of Minto and Viscount Melgund, of Melgund, county of Forfar, in the Peerage of the United Kingdom; Baron Minto of Minto, county of Roxburgh, in the Peerage of Great Britain; Baronet of Nova Scotia, Knight Grand Cross of Our Most Distinguished Order of St. Michael and Saint George, etc., etc., Governor General of Canada.

Some time ago our citizens received with much pleasure the announcement that your Excellency would visit Edmonton before the close of your gubernatorial term. We now take this opportunity of welcoming you, heartily and loyally, not only as the occupant of the most exalted station in our Dominion but also as the personal representative of our Most Gracious Sovereign and of Imperial unity.

During your tenure of office you have done much to acquaint yourself with the extent and resources of our country, and we construe your present visit as another evidence of the warm interest your Excellency has always taken in Western Canada.

The conditions under which we welcome you to-day are widely different from those which prevailed four years ago. The advantages of our fertile prairies as a field for settlement are now more widely known, and we are now receiving as settlers some of the best blood of the older lands. Our towns and villages are thriving as never before. Our mineral resources are being worked. The capitalists of Europe are now commencing to regard Canada as a splendid field for railway exploitation, and even now two transcontinental lines are hastening to reach our city. With the close of a beautiful harvest we have every

reason to believe that a new era has already dawned.

We rejoice, however, that the progress which has been made under your wise administration has not been wholly confined to the material or commercial. In a new country such as ours, there are necessarily many great problems to be solved; but we have striven to remember that the mental and moral are the true foundations of national greatness. A few days ago your Excellency laid the corner stone of a large religious edifice in our sister city to the south, and we are particularly pleased that you have to-day graciously consented to lay the corner stone of one of our Public Schools on a site overlooking the Saskatchewan Valley.

Our hearty good wishes go with you in your journey across the prairie, and we would express the hope that your knowledge of Western Canada may in the future be an influence in directing towards Canada the attention of those who are about to seek new homes abroad. We beg to assure Lady Minto, and yourself, as you depart for your home across the sea that your many qualities of mind and heart have endeared you to the Canadian people. Signed on behalf of the Mayor and Council of the Municipality of Edmonton.

WM. SHORT, Mayor.  
G. J. KINNAIRD, Secretary.

His Excellency replied that he deeply appreciated the welcome tendered him as the representative of His Majesty King Edward VII. He was pleased that he could take back to the four years of his sojourn in Canada with satisfaction, on account of the wonderful progress the country had made in this time and the brilliant hopes it had for the future. They had seen years of enormous growth, and he was delighted that in no place had the progress been more marked than in Western Canada—the country in which he was greatly interested.

His Excellency paid Edmonton a compliment in saying that he felt satisfied that this town had as brilliant a future as any other place in the West. The building of two and perhaps three transcontinental lines would be of untold benefit to this country. On going back he would tell the people there of the great opportunities that Western Canada presents. He was pleased to be present to lay the corner stone of the new school, the erection of which was a striking testimony of the progress of the town. He regretted that Lady Minto was unable to be present as she had many pressing recollections of her former visit here.

The school children then sang "The Maple Leaf" very pleasingly. The ceremony in connection with the laying of the corner stone was then proceeded with. The tin box containing the names of the municipal officials, a glass of currency, copies of the local papers and other articles were placed in the cavity in the stone and His Excellency, taking the trowel, declared the stone well and truly laid. The school children then sang the National Anthem, Percy S. Hoole conducted the singing.

This constituted the completion. The Governor-General and party in carriages then proceeded to the bridge where the R.N.W.M.P. escort met His Excellency. The party immediately started from Strathcona on their overland trip to Prince Albert. They took lunch about twelve miles out the base line. The weather was bright, sunny and sparkling—all that could be desired for His Excellency's visit.

## HEBREW NEW YEAR

## IS BEING OBSERVED

To-day and To-morrow by all Belonging to the Hebrew Faith. Places of Business Closed

All Hebrew places of business in Edmonton are closed today, the occasion being the Hebrew New Year.

According to the Hebrew calendar this is the 5,665th year since the creation of the world. The first day of New Year's began at sundown last evening and New Year's is being celebrated all day today and tomorrow. Hebrew services were held in the Masonic Hall yesterday evening, and again this morning, and will also be held tomorrow. The second day of the Hebrew New Year happens to fall on Sunday this year. If it fell on any other day in the week it would also be observed as now as a religious holiday. On these days all districts in the district are expected to congregate at some central place for the observance of the days. This year, as in the past few years, Edmonton has been chosen as the place of meeting, and all people of the Hebrew faith in the district within a radius of twenty-five miles of Edmonton will meet here. A minimum of ten persons are to be present at the ceremonies in connection with New Year's observance.

Monday, September 19th is observed by Hebrews as the Day of Atonement or to use the Hebrew expression, Yom Kippur. This is one of the most important Hebrew holidays and it is most strictly observed. All places of business will be closed and religious services will be held continuously from daylight to the setting of the sun by all orthodox Hebrews all over the world.

## HUNTING THE CARIBOO

J. S. Wilgess left yesterday for his home in Huntsville, Ontario, after spending a year at Hay River, in the far north, where his sister, Miss Wilgess, has been acting as missionary assisting the Rev. T. J. Mabee. Mr. Wilgess went in with Mr. Marsh last summer. Instead of going north with the Hudson's Bay steamer, Mr. Marsh procured a boat and they took a load of goods down to Hay River. Mr. Wilgess enjoyed his visit in the north immensely. He is an enthusiastic hunter and has had some very successful hunts in the north. During the winter the caribou move down from the barren lands to the islands on the Great Slave Lake to feed on moss. Although these caribou have not yet begun to flee from the nearest sight of man it requires skill to approach them. Hunters take advantage of their curiosity in hunting them. He was a member of two different parties who went out on caribou hunts. One party succeeded in getting twelve and the other forty-five animals.

## Fort Saskatchewan Crops

## Report:

The farmers are busily engaged with their crop this week and harvesting operations are now general in this district. Quite a number of the farmers have finished their wheat and barley cutting, but the greater part of the oat harvest is still to harvest.

It is gratifying to learn that not for years has there been a better crop, nor more favorable condition for getting it properly harvested. Injury from frost has been very slight in this locality and has been confined to garden vegetables. More serious damage is reported from Star where the wheat has been affected. Hay's fortunately has caused damage only in a few isolated instances.

The certainty of a yield considerably above the average and the prospect of excellent prices should insure prosperous times for the coming year.

Burch and Fuller

The Canadian Northwest  
Homestead RegulationsAny even numbered section of Do-  
minion Lands in Manitoba or the  
Northwest Territories, excepting 8  
and 16, which has not been home-  
steaded, or reserved to provide wood  
lots for settlers, or for other pur-  
poses, may be homesteaded upon by  
any person who is the sole head of a  
family, or any male over 18 years of  
age to the extent of one quarter sec-  
tion, of 160 acres, more or less.ENTRY.—Entry may be made per-  
the district in which the land to be  
taken is situated, or, if the home-  
steader desires, he may, on applica-  
tion to the Minister of the Interior,  
Ottawa, the Commissioner of Immi-  
gration, Winnipeg, or the local agent  
for the district in which the land is  
situated, receive authority for some  
one to make entry for him. A fee  
of \$10.00 is charged for a homestead  
entry.HOMESTEAD DUTIES.—A settler  
who has been granted an entry for a  
homestead is required by the provi-  
sions of the Dominion Lands Act  
and the amendments thereto, to per-  
form the conditions connected there-  
with, under one of the following  
upon and cultivation of the land in  
each year during the term of three  
years:(1) At least six months' residence  
years.  
(2) If the father (or mother, if the  
father is deceased) of any person who  
is eligible to make a homestead entry  
under the provisions of this Act, re-  
sides upon a farm in the vicinity of  
the land entered for by such person  
as a homestead, the requirements of  
-40 of said enactment, or of any regu-  
lating patent, may be satisfied by  
such person residing with the father  
or mother.(3) If a settler has obtained a pat-  
ent for his homestead, or a certifi-  
cate for the issue of such patent,  
countersigned in the manner pre-  
scribed by this Act, and has obtained  
entry for a second homestead, the  
requirements of this Act as to resi-  
dence prior to obtaining patent may  
be satisfied by residence upon the  
first homestead, if the second home-  
stead is in the vicinity of the first  
homestead.(4) If the settler has his permanent  
residence upon farming land owned  
by him in the vicinity of his home-  
stead, the requirements of this Act  
as to residence may be satisfied by  
residence upon said land.The term "vicinity" used above is  
meant to indicate the same township  
or an adjoining or cornering town-  
ship.A settler who avails himself of the  
provisions of Clauses 2, 3, or 4, must  
or substitute 20 head of stock, with  
cultivate 30 acres of his homestead,  
buildings for their accommodation,  
and have besides 30 acres substan-  
tiated.Every homesteader who fails to  
comply with the requirements of the  
homestead law is liable to have his  
entry cancelled, and the land may be  
again thrown open for entry.Application for patent should be  
made at the end of three years, be-  
fore the local agent, sub-agent, or  
Homestead Inspector. Before making  
application for patent the settler  
must give six months' notice in writ-  
ing to the Commissioner of Dominion  
Lands, at Ottawa, of his intention  
to do so.Information.—Newly arrived immi-  
grants will receive at the Immigra-  
tion Office, in Winnipeg, or at any  
Dominion Lands Office, in Manitoba  
or the Northwest Territories, infor-  
mation as to the lands that are open  
for entry, and from the officers in  
charge, free of expense, advice and as-  
sistance in securing land to suit them.  
Full information respecting the land,  
timber, coal and mineral laws, as well  
as respecting Dominion Lands in the  
Railway Belt in British Columbia,  
may be obtained upon application to  
the Secretary of the Department of  
the Interior, Ottawa, the Commis-  
sioner of Immigration, Winnipeg,  
Manitoba, or to any of the Dominion  
Lands Agents in Manitoba or the  
Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior.  
N.B.—In addition to Free Grant  
Lands to which the regulations above  
stated refer, thousands of acres of  
most desirable lands are available for  
lease or purchase from railroad and  
other corporations and private firms  
in Western Canada.

## LOCAL

The C.P.R. Imperial Limited will be withdrawn the first week in October.

Thursday, September 10th has been proclaimed Civic Holiday in Strathcona.

Rev. Principal Riddell delivered an address in the Lacombe Methodist church Thursday evening.

The Vegreville Valley Agricultural Association will hold their annual Fall Fair on September 10th.

Voting takes place on Monday on the bylaw providing for the straightening and extension of Jasper avenue east.

Rev. D. G. McQueen will conduct the services in the Presbyterian church tomorrow morning and evening.

A party of seventeen Lacombe farmers, who have been spending the past few days in this district but for their home in Gladbrook, Ont., (this morning).

A very successful dinner was in the Thistle rink last night under the auspices of the Edmonton Operatic and Dramatic Society.

The "Seeking Shepherd" will be the subject of Pastor McDonald's address on Sunday evening at the Baptist church.

H. D. Johnston Edmonton, was in Wetaskiwin Thursday in connection with the erection of the new school in that town.

J. B. Tweedie, formerly of the Imperial Bank staff, Edmonton, has been appointed accountant in the Imperial Bank of Wetaskiwin.

For the week ending September 3rd the make at the Imperial creamery was 7,200 pounds. During the corresponding period last year the make was 6,440 pounds.

The Alberta Grain Company are erecting a new elevator at Wetaskiwin. The building will be 34 feet square with 50 feet crib work and will have a capacity of 40,000 bushels.

Rev. C. H. Huestis will conduct the services in the Edmonton Methodist church tomorrow morning and evening. The evening sermon will be to working men on work and wages.

A very successful dinner was given the new teachers of the Edmonton public school by the other teachers in the assembly room of the Queen's avenue school yesterday evening.

The children of the Catholic school are planting at Leduc today. They gathered at the C.M.B.A. school on 3rd street this morning and under the charge of their teachers marched to the station, taking the train for Leduc. They will return this evening.

Edmonton young men will give a farewell banquet to R. V. Bellamy, this evening at the Criterion restaurant. Mr. Bellamy leaves for England the first of the week to take his Rhodes scholarship course at Oxford University.

The warehouse on the square has been fitted up and one half is now occupied by the electric light department as a store room and the other by the waterworks department. A very large quantity of electric light supplies and pipe connections and current is on hand.

D. R. Wingo, general manager of Imperial Bank and Chas. Czekanski, one of the directors of the bank arrived in the city yesterday evening. They were accompanied by G. R. F. Kirkpatrick, manager of the local branch of the Imperial Bank, who went to Wetaskiwin to meet them.

The ladies of the Presbyterian church gathered at the home of Mrs. R. J. Manson yesterday afternoon to hear an address from Miss Jamieson who has been engaged in mission work in central India. Means of aiding foreign mission work were discussed at some length.

J. S. Edmondson has returned to the city from Grand Rapids, where he was in charge of the Hudson's Bay Summer post. He reports that the recent drop in the price of furs has affected many of the fur traders in the north. Bush fires have been raging in the vicinity of Grand Rapids.

Chas. T. Spence, of the Vegreville Trading Company, Vegreville, was in the city yesterday. He reports harvesting operations further advanced around Vegreville than at Edmonton. Wheat and barley are all cut, and a large part of the oat crop is also in stack. The season has been most favorable, and a heavy yield is expected. The crops of all grains is satisfactory.

Funeral: The German Lutheran congregation in Strathcona, who have been without a pastor ever since the untimely death of Rev. Gustave Rozenberg last spring, are to have as their pastor the Rev. Mr. Russell, of Winnipeg, for some time president of the German Lutheran Synod in the North-West, and lately one of the ed-

itors, staff of the Nord Western. Mr. Russell will hold his first meeting with his congregation here this Friday night. He will not however preach here next Sunday as he has to attend the dedication services in the new German Lutheran church in Edmonton that day.

Alkettan: It will be remembered that some time ago the city council passed a bylaw which required the removal of all landfills from the business portions of the city. The bylaw was instigated by Ald. Clarke, and of course, was aimed at the Chinamen. The measure received no opposition in council. Everyone, apparently deprecates the presence of these unsightly and evil smelling landfills right on the principal business thoroughfares. The Chinamen are usually a meek and long-suffering disposition; but the Calgary Chinies have resolved to fight this bylaw which will so seriously interfere with their business. Stanley L. Jones, acting as their legal adviser, has notified the council that the enforcement of the bylaw will be strenuously opposed.

Leduc Enterprise: Just as soon as the village overlord, Mr. Holden, arrives back from his home duties in the Beaver Lake settlement, a meeting concerning the advisability of incorporating as a town will take place. The meeting which has already been advertised, to take place on the first Monday in September will be postponed till later. The arrangements which are now being made by the committee appointed to look into the matter are likely to result in the addition of ten quarter sections of land adjoining the two quarter sections which already comprise the village site. By the plan of the incorporation the town site will cover two square miles with a quarter section of each corner, making as nearly as we can describe, a cross-shaped design. The location of the Windsor Hotel will be about the central portion of the proposed site.

## PERSONAL

Mrs. C. R. T. Kirkpatrick will serve tea at the golf links this afternoon. Messrs. Saunders and Driscoll left Thursday for Pigeon Lake.

Chas. Benjamin, of Wetaskiwin is in the city today.

John M. Moran, of Fort Saskatchewan, arrived in the city last evening.

Mrs. Norquay will receive Tuesday and Wednesday of next week at her residence, corner of Eighth street and Victoria avenue.

H. S. Craig, of Leduc, arrived in the city last night and returned south this morning.

C. C. Ward, a Vermilion valley rancher arrived in the city last night from Vegreville.

H. E. Daniel and W. E. Langworthy arrived in the city last night from Fort Saskatchewan.

Free Lance, Sept. 9th: Mrs. John R. Umbeck, of Edmonton, with two children, is spending a few weeks visiting her sister Mrs. V. Schaefer.

Mrs. W. T. Livock will receive on the second and third Friday in each month, instead of the third Wednesday as previously.

## EXPERIMENTAL FARM

W. F. Langworthy, of Fort Saskatchewan, has offered a portion of land about three miles from Fort Saskatchewan to Dr. C. H. Stuart-Wade for experimental farm purposes. Dr. Wade has been striving for some time to have an experimental farm established in Northern Alberta.
